AND FARTHER WITHIN, AT THE CENTER OF SAGITTARIUS A...

...IS SAGITTARIUS'S ZERO STAR.

THERE, WHERE THE STARS ARE DENSER. THAT IS THE CENTER OF THE GALAXY.

SAGITTARIUS A.

WHERE STARS AND PLANETS ARE BORN.

WHERE STARS AND PLANETS ARE BORN?

THE SAGITTARIUS ZERO STAR IS THE BIRTHPLACE OF EVERY STAR SEED IN THE GALAXY.

THE BIRTHPLACE OF STAR SEEDS...

EVERY STAR, ALL THE PLANETS STREWN ACROSS THE GALAXY...

EVEN THE EARTH AND ALL OF US...

WE WERE ALL BORN THERE?

DOES THAT MEAN GALAXIA WANTS TO CONTROL THE ENTIRE SYSTEM GOVERNING THE RISE AND FALL OF THE GALAXY'S STARS?

...IS THERE, TOO...

AND IF SHADOW GALAC-TICA...

WE'LL JUMP STRAIGHT FROM HERE TO THE ZERO STAR.

COME.

I'M AFRAID YOU MAY BE RIGHT.

I CAME TO GET MY FRIENDS' SAILOR CRYSTALS BACK.

I DIDN'T COME HERE SO WE COULD KILL EACH OTHER.

I AM SAILOR MNEMOSYNE OF THE MNEMOSYNE STAR,

KEEPER OF THE RIVER OF MEMORY.

KEEPER OF THE RIVER OF FORGET-FULNESS.

I AM SAILOR LETHE OF THE LETHE STAR,

IF YOU DON'T WANT TO SEE IT, THEN SHUT YOUR EYES, MNEMOSYNE!

LETHE!

WE WON'T LET YOU GET PAST HERE, SAILOR MOON.

SFF

WHEN GALAXIA APPEARED

BRINGING DEATH

AND SILENCE TO OUR WORLDS,

WE SWORE WE WOULD FOLLOW GALAXIA, SO THAT WE COULD FIND PEACE AND HAPPINESS FOR OURSELVES!

HAVE YOU FORGOT-TEN?!

WE HAD NO CHOICE BUT TO FOLLOW HER.

THERE WAS CONSTANT FIGHTING, CHAOS EVERYWHERE.

OUR STARS WERE SMALL AND DESTITUTE.

THIS TIME, MNEMOSYNE, WE *WILL* FIND PEACE AND HAPPINESS.

THEN I KNOW WE'LL HAVE A FUTURE.

BUT IF WE SURVIVE THIS BATTLE,

AND GALAXIA UNIFIES THE GALAXY,

IF YOU STAY WITH HER, YOU'LL ONLY FIND MORE DESTRUCTION AND SLAUGHTER!!

YOU KNOW HOW MANY PEOPLE GALAXIA HAS KILLED!

YOU KNOW THAT, DON'T YOU?!

YOU CAN'T POSSIBLY FIND PEACE AND HAPPINESS WITH A GUARDIAN OF DESTRUCTION!

WILL *YOU* BRING A FUTURE THAT'S FREE OF BLOODSHED?

THEN LET ME ASK YOU, SAILOR MOON.

WILL WE HAVE A FUTURE OF PEACE AND HAPPINESS WITH YOU?

SAILOR MOON, THE POWER YOU POSSESS ATTRACTS WAR!

AS LONG AS YOU EXIST, THE FIGHTING WILL NEVER END. FROM OUR POINT OF VIEW, *YOU* ARE THE ONLY REAL ENEMY!

IT DOESN'T MATTER WHO WINS — THE FUTURE WILL BE THE SAME.

AND GET PEACE AND HAPPINESS FOR ME AND MNEMOSYNE. THAT WILL BE GOOD ENOUGH FOR ME.

RIGHT NOW, ALL I WANT IS TO END TO THIS BATTLE,

IF...IF IT WILL END THIS WAR...

...THEN KILL ME.

THAT'S RIGHT.

I CAME HERE TO END THIS WAR, TOO.

WE WANT THE SAME THING.

I FIGHT TO *END* THE FIGHTING.

WE'VE ALWAYS HAD THE SAME WISH.

SHE DESTROYED THEIR HUMAN BODIES,

AND TOOK THEIR SAILOR CRYSTALS.

THEIR SAILOR CRYSTALS WERE LIT UP LIKE SOME KIND OF SIGNAL.

AND THEIR BODIES WERE STARTING TO FADE AWAY.

SAILOR MOON, WHEN WE REALIZED...

YOU TELEPORTED US HERE, DIDN'T YOU, SAILOR MOON?

I FELT YOUR VOICE, USAGI.

IT WAS YOU.

WE ALL HAD TO COMBINE POWERS AND FOLLOW PRINCESS KAKYÛ TO GET HERE...

I DON'T HAVE THAT KIND OF POWER!

NO, IT WASN'T ME.

BUT... THEN...

COME TO THINK OF IT, SHOULD THERE BE A "MOON" AT THE END OF THAT?

YUP! SHE MAY NOT LOOK LIKE MUCH, BUT SHE'S A GREAT SAILOR GUARDIAN. SAILOR CHIBI CHIBI.

THAT'S WHAT I LEARNED, TOO!

Yup.

I HEARD THAT, FOR GENERATIONS, MILLENIUM QUEENS HAVE ONLY GIVEN BIRTH TO ONE PRINCESS.

WHICH MEANS HER MAJESTY HAS A SECOND CHILD? NOW THAT YOU MENTION IT, SHE *IS* IDENTICAL TO THE BOTH OF YOU.

Oh, my!

I NEEDED TO BE THE GUARDIAN OF THE *STRONGEST* STAR, WITH THE GREATEST POWER!

FOR AGES I SEARCHED FOR ONE WORTHY OF ME, A WORLD OF MY VERY OWN!!

I WAS ONE OF THE CHOSEN.

BUT A MERE SAILOR GUARDIAN IS STILL NO BETTER THAN SCUM.

BUT I POSSESSED THE POWERS OF A SAILOR GUARDIAN, AND ONE DAY, THOSE POWERS AWAKENED!

IT WAS DESTINY THAT BROUGHT YOU HERE.

WE ARE FATED TO ATTRACT EACH OTHER.

JUST AS ALL THINGS ORIGINATED HERE, AS ONE,

IT WAS FOR THE PEOPLE I LOVED. FOR MY FRIENDS.

I WAS ONLY FIGHTING FOR THEM.

I HAVEN'T BEEN FIGHTING FOR PEACE, OR JUSTICE.

ALL THIS TIME...

BWAAH!

MY FRIENDS ALL VANISHED— THEY'RE GONE.

SO WHO...

OR WHAT IS THERE TO FIGHT FOR NOW?

EVERY-THING I CARED ABOUT MOST IS GONE.

BUT NOW...

IT'S ALL GONE.

BWAAAAHH

THE FIGHTING...

...WILL END.

NOW THE FIGHTING REALLY WILL END.

THE SAILOR GUARD-IANS WILL BECOME EXTINCT.

NEITHER ONE OF US CAN FIGHT ANYMORE.

...HEH.

GWAAAAHH

...BUT NOT LIKE THIS.

IT'S WHAT WE ALWAYS WANTED.

OOOH...

IT WILL GO ON AND ON, FOREVER.

NO.

THE FIGHTING WON'T END.

FOR THE GALAXY'S FUTURE.

OOOOOHH

THIS TIME, YOU *MUST* END THE WAR.

SO YOU HAVE TO END IT YOUR-SELF.

YOU MUST USE THE LAST OF YOUR POWER TO DESTROY THEM, AND END THE FIGHTING FOR GOOD!

CHAOS AND THE CAULDRON ARE THE SOURCE OF ALL YOUR ENEMIES.

BUT IF I ERASE THE CAULDRON...

CHIBI CHIBI?

DESTROY CHAOS?

AND THE CAULDRON?!

THERE WON'T BE ANY NEW STARS.

OOOOOHH

CHAOS HAS MERGED WITH THE CAULDRON— THEY CAN NO LONGER BE SEPARATED.

THEN ONE DAY, THE GALAXY REALLY *WON'T* HAVE A FUTURE!!

THE ONLY WAY TO COMPLETELY ERASE CHAOS IS TO ERASE THE CAULDRON, TOO.

YOU'LL REGRET IT— I KNOW YOU WILL!

AND YOU'LL HAVE TO CARRY THAT BURDEN WITH YOU, SAILOR MOON!

BUT IF YOU DON'T, THIS HISTORY— FULL OF WAR AND PAIN— WILL GO ON INTO ETERNITY!

KEEP COMING INTO THIS WORLD...

THE FIGHTING WILL NEVER END.

...AS LONG AS NEW STARS

CHIBI CHIBI?

...THE WILL OF THE GALAXY?

IS THAT...

DARKNESS CALLS TO LIGHT, AND LIGHT, IN TURN, SUMMONS DARK-NESS.

WHOOOSH

THERE'S NO OTHER CHOICE.

...YOU HAVE TO.

IT'S THE ONLY WAY.

IT'S THE ONLY WAY TO BRING PEACE TO THE GALAXY...

AND THIS TIME

DO I HAVE TO BE THE ONE

TO LET FALL THE SCYTHE OF DEATH?

DOES ENDING THE BATTLE...

...MEAN ENDING EVERYTHING?

BUT...

EVEN IF THIS GALAXY IS DESTROYED ...

WHOOOSH

...A NEW CAULDRON IS SURE TO SPRING INTO EXISTENCE SOMEWHERE ELSE.

...THAT'S STRANGE. I DIDN'T THINK THAT PHRASE WAS STILL IN MY VOCABULARY.

A NEW FUTURE?

YES.

YOU'RE RIGHT.

A NEW FUTURE WILL BEGIN SOMEWHERE.

AND IT MAY BREED LIGHT AND DARKNESS AGAIN.

NEW FUTURES ARE BORN ALL THE TIME, AND THAT WILL NEVER STOP.

WHOOOOSH

IT CAN'T POSSIBLY BE THAT EASY TO END ALL CONFLICT.

THEY'LL HAVE ALL OF THOSE THINGS, ALL OVER AGAIN.

JOY AND SORROW.

AND THOSE FUTURES WILL HAVE LIGHT AND DARK-NESS,

WAR AND HOPE, LIFE AND DEATH.

...ARE WHAT MAKE UP OUR UNIVERSE.

ALL OF THOSE THINGS...

SAILOR MOON...!

SAILOR MOON, ARE YOU THE GUARDIAN...

...WHO ENCIRCLES EVERYTHING...

...IN YOUR EMBRACE?

YOUR FAITH GOES THAT FAR?

YOU BELIEVE IN THE DISTANT FUTURE OF THIS UNIVERSE?

PSH

THEY'RE TAKING BACK THEIR ORIGINAL FORMS AND RETURNING TO THEIR HOME STARS.

CHIBI CHIBI?

THEY ARE NEWBORN STAR SEEDS, JUST LEAVING THEIR MOTHER CAULDRON NOW.

BUT BY THE TIME THEY'VE REACHED THEIR INDIVIDUAL PLANETS, THEY WILL HAVE MATURED INTO WHAT THEY ONCE WERE.

...TO USE THE POWER OF THE SILVER MOON CRYSTAL?!

SAILOR MOON SACRIFICED HERSELF...

DON'T TELL ME THAT MEANS...

AND CREATED THIS REGEN-ERATIVE POWER.

...BECAUSE SAILOR CRYSTALS ACROSS THE GALAXY UNITED AS ONE,

NO. THIS REBIRTH IS MADE POSSIBLE ...

THIS IS THE ULTIMATE *LAMBDA POWER*...

SAILOR

I...

...AM SAILOR COSMOS.

BUT THAT MEANS YOU'RE...

NO!

SAILOR MOON'S ULTIMATE FORM FROM THE FUTURE?!

...AM NOTHING BUT A COWARD WHO ABANDONED EVERYTHING AND RAN FROM HER POST.

I...

...AND HER LAST SHOW OF COURAGE AND STRENGTH.

I DOUBT I WILL EVER LIVE UP TO ETERNAL SAILOR MOON...

SAILOR COSMOS!

WHERE IS OUR PRINCESS?

DON'T WORRY.

THEN WHAT HAPPENED TO HER?!

LAST SHOW?!

DON'T TELL ME SHE...

WHERE ALL THE GALAXY'S STARS ARE BORN, AND WHERE THEY RETURN AT THEIR JOURNEY'S END.

THIS IS THE GALAXY CAULDRON.

LIKE THE OTHER GUARD-IANS, YOUR PRINCESS

WAS BROUGHT BACK BY THE LAMBDA POWER.

SHE WILL EVENTUALLY ENTER THAT STREAM OF LIGHT AND RETURN SAFELY TO THE 30TH CENTURY.

ETERNAL SAILOR MOON AND HER ADVERSARY DISSOLVED INTO THE CAULDRON'S PRIMORDIAL SEA TOGETHER.

CHAOS HAD BEEN LURKING HERE, GIVING RISE TO ALL OF HER ENEMIES. IN HER EFFORTS TO TAKE THIS CHAOS INTO HERSELF,

WERE ABLE TO RECLAIM THEIR ORIGINAL FORMS.

AND THE GALAXY,

THROUGH ETERNAL SAILOR MOON'S POWER, THE CAULDRON,

SHE WAS UNABLE TO ELIMINATE CHAOS COMPLETELY.

BUT IN THE END,

LONG, HARD-FOUGHT BATTLES.

CONSTANT SLAUGHTER.

I HAD NO HOPE OF BEATING HER IF I KEPT FIGHTING AS I HAD BEFORE.

OUR NEW ENEMY, SAILOR CHAOS, WAS STRONG AND IMMENSE.

THE DAMAGE DONE...

THE PRICES PAID...

...WERE TOO GREAT.

NOTHING WOULD TRULY BE THE SAME.

EVEN IF I DID DEFEAT HER,

EVEN IF I DID TAKE BACK THE PEACE THAT HAD BEEN OURS,

I COME FROM A FUTURE TOO DISTANT TO CONTEMPLATE.

I ABANDONED MY FIGHT AGAINST SAILOR CHAOS.

I GAVE UP ON EVERYTHING, AND I FLED HERE.

I JUST DIDN'T KNOW ANYMORE.

WHAT WAS ALL THE FIGHTING FOR?

WHAT WAS THE RIGHT ANSWER?

WHAT WAS I SUPPOSED TO DO?

EVERY TIME I HAD DOUBTS, EVERY TIME IT GOT HARD, I WOULD REMEMBER THE BATTLE I FOUGHT RIGHT HERE.

I WONDERED WHAT IF...

IF I HAD DESTROYED THE CAULDRON,

WOULD THE FIGHTING, WOULD THE SUFFERING, HAVE GONE AWAY?

AND AS EXPECTED,

MY OLD SELF WAS ALWAYS ALONE, ALWAYS SUFFERING.

SO I STAYED BY HER, SUPPORTING HER,

INTENDING TO MAKE HER CHOOSE THE RIGHT PATH THIS TIME...

TO MAKE SURE I DID IT RIGHT THIS TIME.

I FELT THAT REGRET AGAIN AND AGAIN.

SO I CAME HERE.

IT'S BECAUSE THIS PLACE EXISTS THAT WE CONTINUE LIVING.

NO ONE CAN ERASE THE BIRTHPLACE OF THE STARS.

BUT SHE TAUGHT ME.

THE PATH I CHOSE WASN'T A MISTAKE.

I CAN MOVE ON NOW.

...I WON'T RUN ANY-MORE.

ETERNAL SAILOR MOON HAS BLESSED ME WITH GREAT POWER.

THAT WE CAN DO THINGS OVER,

AS MANY TIMES AS IT TAKES.

THE POWER OF COURAGE TO THROW IT ALL AWAY,

AND THE POWER OF COURAGE TO ACCEPT EVERYONE AND EVERYTHING!

I HAD ALMOST FORGOTTEN

THIS INVINCIBLE POWER!

IT WAS ETERNAL SAILOR MOON WHO JUST SAVED THE GALAXY.

SHE IS THE TRUE SAILOR COSMOS.

SAILOR COSMOS ...

WHEN I, LIKE ETERNAL SAILOR MOON,

GAIN THE COURAGE TO THROW IT ALL AWAY, AND TO ACCEPT EVERYONE AND EVERY-THING,

THEN I WILL TRULY BE SAILOR COSMOS.

YOU MUST RETURN AS WELL.

GO BACK TO WHERE YOU BELONG,

TO THE PRINCESS YOU ARE MEANT TO PROTECT.

NOW.

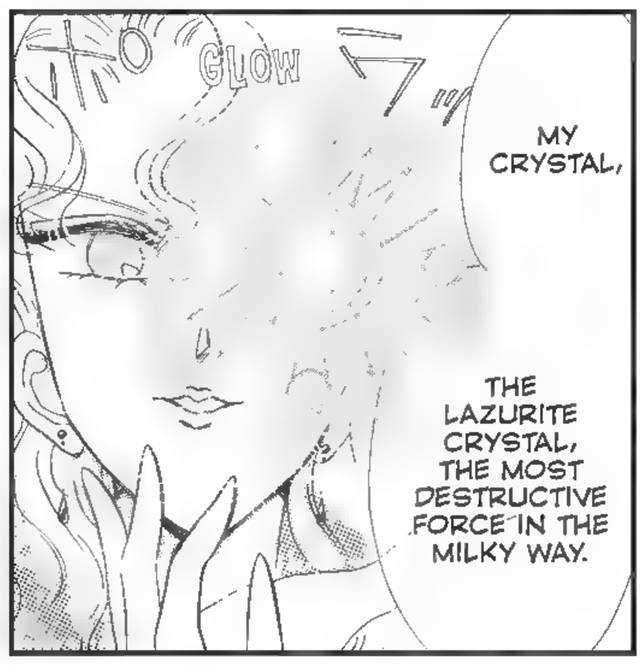
Translation Notes

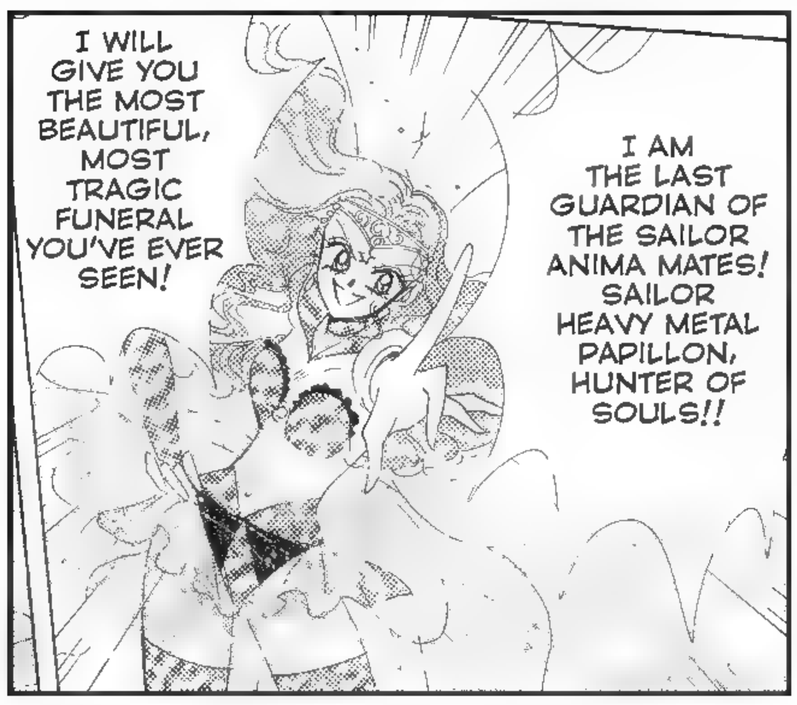
I AM SAILOR MNEMOSYNE OF THE MNEMOSYNE STAR,
KEEPER OF THE RIVER OF MEMORY.
KEEPER OF THE RIVER OF FORGET-FULNESS.
I AM SAILOR LETHE OF THE LETHE STAR,

Sailor Lethe and Sailor Mnemosyne, page 34
The name Lethe comes from one of the five rivers of the underworld in Greek mythology: the river of forgetfulness, which sometimes has a goddess of the same name to personify it. The spirits of the dead were required to drink from the river to forget their earthly lives. Mnemosyne is the Greek goddess of memory, who was a Titan and mother of the Muses, goddesses of the arts.

When naming their homes, Sailors Lethe and Mnemosyne specifically use the English word "star," so there is no confusion as to whether the word *hoshi* here means "star" or "planet." This is our first confirmation that stars, as well as planets, have Sailor Guardians.

Lazurite Crystal, page 56
The mineral Lazurite forms the bulk of the gemstone known as lapis lazuli—a stone that has been valued for millennia and is still considered to have magical powers today. It is also a symbol of the royal as well as the divine. Scholars believe that the Greek term for "sapphire" actually refers to lapis lazuli, which may be one reason that the pronunciation provided in *katakana* for this crystal is *saffaa*.





I WILL GIVE YOU THE MOST BEAUTIFUL, MOST TRAGIC FUNERAL YOU'VE EVER SEEN!
I AM THE LAST GUARDIAN OF THE SAILOR ANIMA MATES! SAILOR HEAVY METAL PAPILLON, HUNTER OF SOULS!!

Sailor Heavy Metal Papillon, page 63
Papillon (pronounced roughly like poppy-YOHN) is the French word for "butterfly." Butterflies have been associated with death and the soul in many cultures, and in Greek, the word *psyche* means both "butterfly" and "soul."

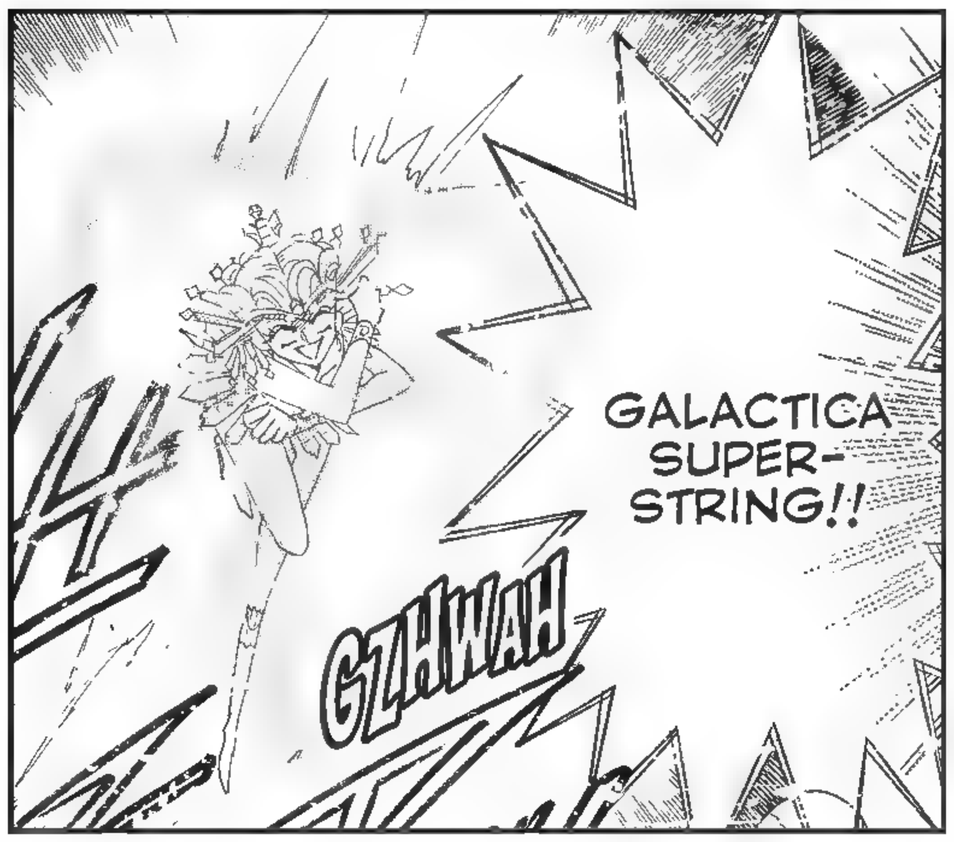
The ill-fated savior, page 63
Heavy Metal Papillon specifically uses the word "Messiah" in the original Japanese to refer to the ill-fated savior, but it is likely that she is making a reference not to Jesus Christ, who died by crucifixion, but to Joan of Arc, who was burned at the stake.

Sailor ϕ and Sailor χ, page 76
The names Sailor ϕ (Phi) and Sailor χ (Chi), most likely come from the Bayer designation system of identifying stars, in which stars are assigned Greek letters. These designations were originally assigned by the German astronomer Johann Bayer. Generally, each star is given its designation based on brightness (alpha first, beta second, etc.), but in Bayer's day, there wasn't a good way to measure that, and it wasn't the only factor in choosing letters, so sometimes the designations seem quite random. For what it's worth, ϕ (phi) and χ (chi) are the 21st and 22nd letters in the Greek alphabet.

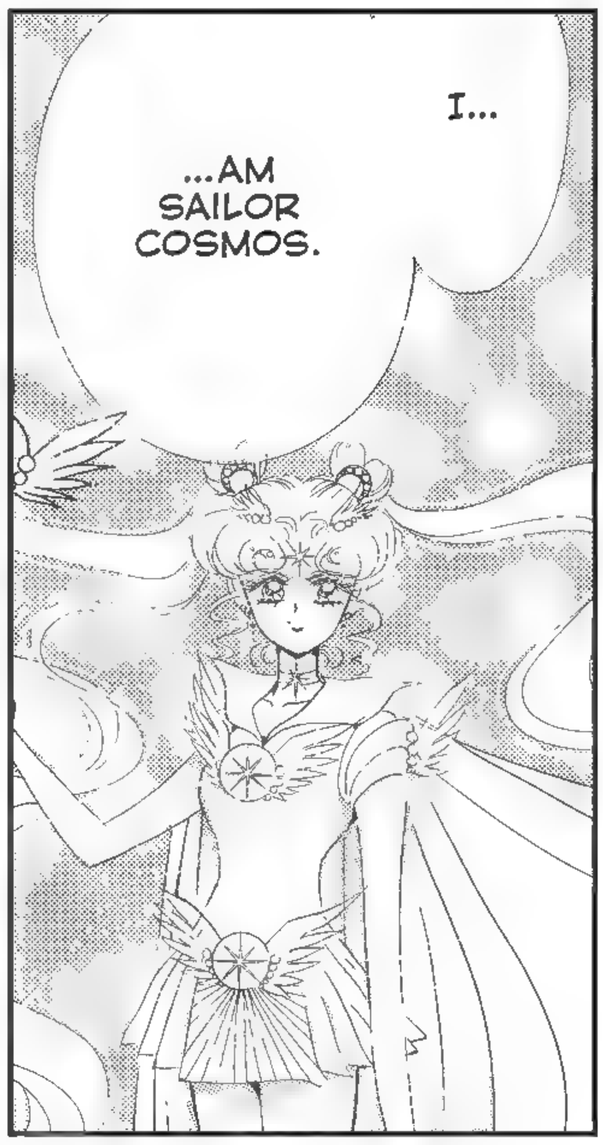
Kinmoku Fusion Tempest, page 81
The *kanji* characters for this attack represent the worlds *kinmoku hyakka ryôran*, or "Kinmoku flurry of flowers." The expression *hyakka ryôran* is also used to describe a gathering of exceptionally talented people, and in this case may refer to Sailor Kakyû channeling help from the Starlights.

Golem, page 124
A golem is a figure made of clay or mud that is endowed with life, usually to act as the servant of its creator. In other words, Galaxia is admitting that the Solar System Sailor Guardians Sailor Moon was fighting were indeed fakes.

Galactica Inflation, page 134
The name of this attack likely comes from cosmic inflation, which is a period of rapid expansion shortly after the Big Bang that greatly increased the volume of the universe.



Galactica Superstring, page 157
This is a reference to superstring theory, a theory that posits that all particles and physical forces of nature come from the vibrations of supersymmetric strings.

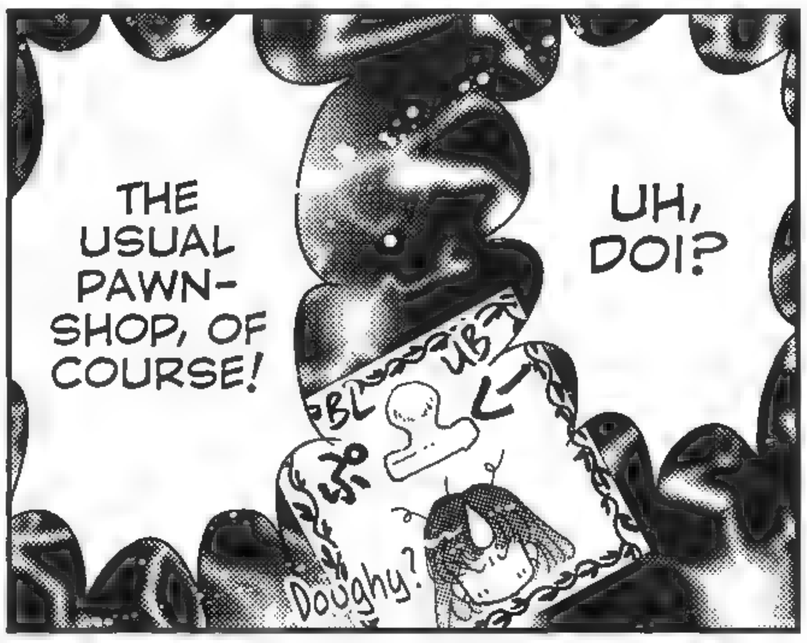


Cosmos Crystal and Lambda Power, page 202
Lambda (Λ) is the Greek letter used to represent the cosmological constant, which is the value of the energy density of space. Einstein's original theory was that the cosmological constant counterbalanced gravity to create a static universe—one that is spatially and temporally infinite, and that has stars and planets instead of one big mass held together by gravity.

The word "cosmos" comes from the Greek word for "order," as in the opposite of chaos, and is often used to refer to the universe.

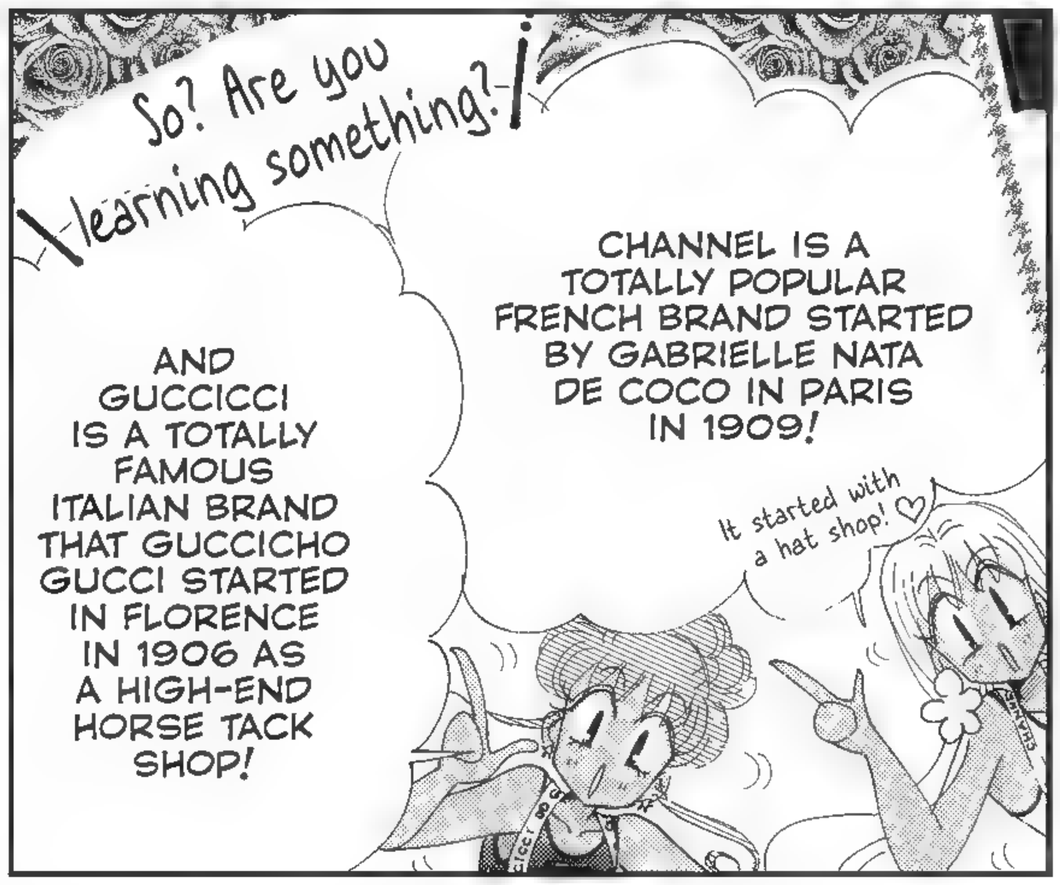
The Secret Hammer Price Hall, page 235
This short story came about because of a Japanese TV show called *Tunnels Hammer Price*, which featured auctions of various highly-sought prizes. Some of these prizes were the opportunity to be drawn into a manga, and *Sailor Moon* is one series that offered such a prize. This short story features the winner of that particular auction, playing the part of Makoto Hanmatsuura.

Doi, page 241
Another one of Naruru and Ruruna's slang words is *mochi*, which is short of *mochiron*, meaning "of course," or "obviously." It's also the word for a cake made of sticky rice flour, that often puffs up in the middle when heated.



Monchhichi, page 244
As Hotaru suggests, the Monchhichi are a line of plush toys that resemble monkeys. They debuted in Japan in the '70s, and inspired animated TV series in Japan, the United States, and France. It may be interesting to note that the original Japanese voice of Luna, Keiko Han, was one of the two main Monchhichi in the first animated series.

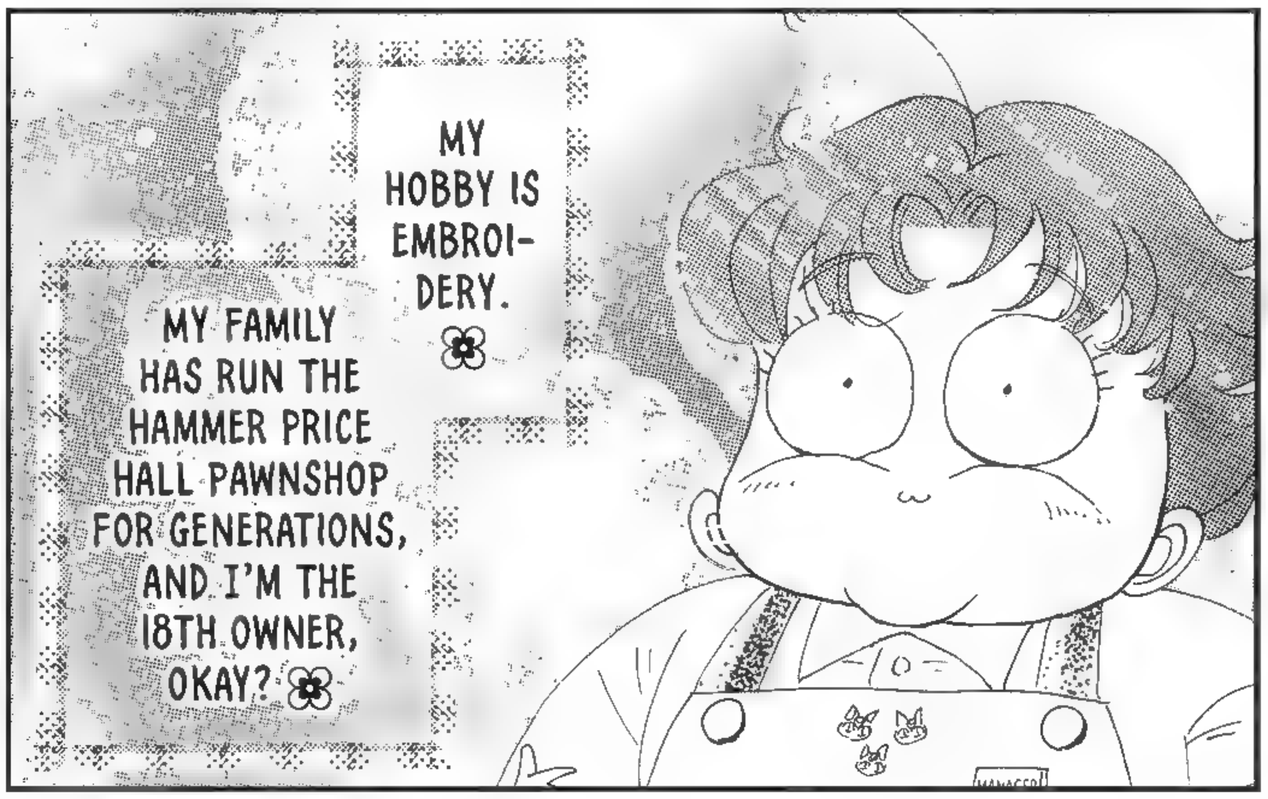
Channel and Guccicci, page 244
The reader may already be aware that these are the Sailor Moon world versions of the real-world Chanel and Gucci brands. In fact, even their origin stories are extremely similar. The only differences are the names of the people involved (in the real world, they are Gabrielle "Coco" Chanel and Guccio Gucci), and that Gucci started out as a luxury leather goods store, not aimed at equestrians.



So? Are you learning something?
AND GUCCICCI IS A TOTALLY FAMOUS ITALIAN BRAND THAT GUCCICHO GUCCI STARTED IN FLORENCE IN 1906 AS A HIGH-END HORSE TACK SHOP!
CHANNEL IS A TOTALLY POPULAR FRENCH BRAND STARTED BY GABRIELLE NATA DE COCO IN PARIS IN 1909!
It started with a hat shop! ♡

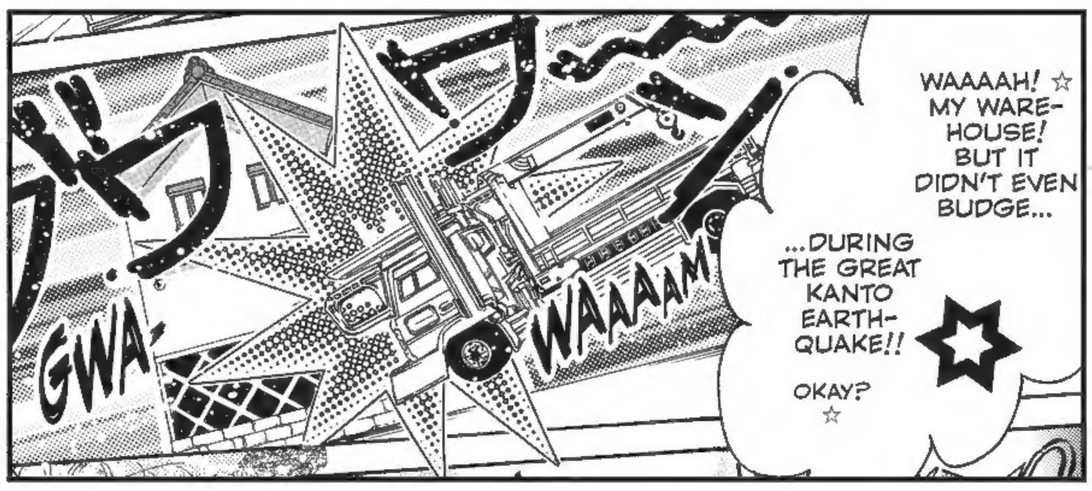
Ko-gals, page 245
"Gal" is a term used in Japan to refer to girls who are obsessively trend-conscious, often recognized by their tan skin and bleached hair. High school aged gals came to be referred to as *ko-gal*, originally from *kôkôsei* (high school) gal, but later interpreted as "child (*ko*)" gal. By extension, middle school aged gals became *mago* (grandchild) gals, and therefore, Naruru and Ruruna, as grade schoolers, would technically be *himago* (great-grandchild) gals.

Okay?, page 248
Makoto ends many of his sentences with *nano*, a word which is used at the end of sentences to add emphasis, or, depending on the intonation, turn the sentence into a question. The translators felt that using "okay?" as a question at the end can serve both purposes in English. When used excessively by a character in anime or manga, *nano* usually expresses a more feminine nature.



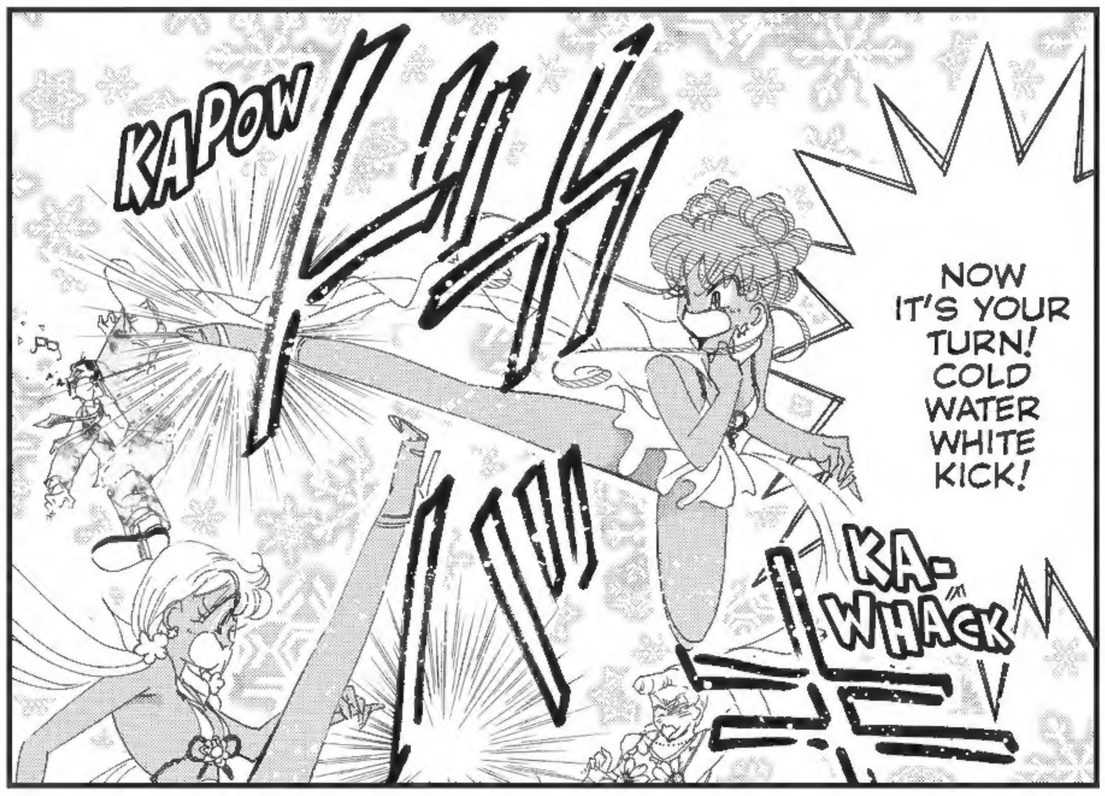
Bubbles burst, page 249
In the original Japanese, Hotaru has just one word to describe Naruru and Ruruna's actions: the English word "bubble." This word can refer to something as short-lived as a bubble, as well as the period of great economic prosperity that Japan enjoyed in the late 1980s, until their "bubble" burst with the stock market crash in '91. In other words, Hotaru is reminding the girls that affluence doesn't last, especially when one is delusionally optimistic about how much they can get away with spending.

The Great Kanto earthquake, page 255
The Great Kanto earthquake is a 7.9 quake that devastated Tokyo and its surrounding prefectures in 1923. It was so powerful that over 35 miles away from the epicenter in Kamakura, it moved the Great Buddha statue, which weighs about 121 tons, almost two feet.

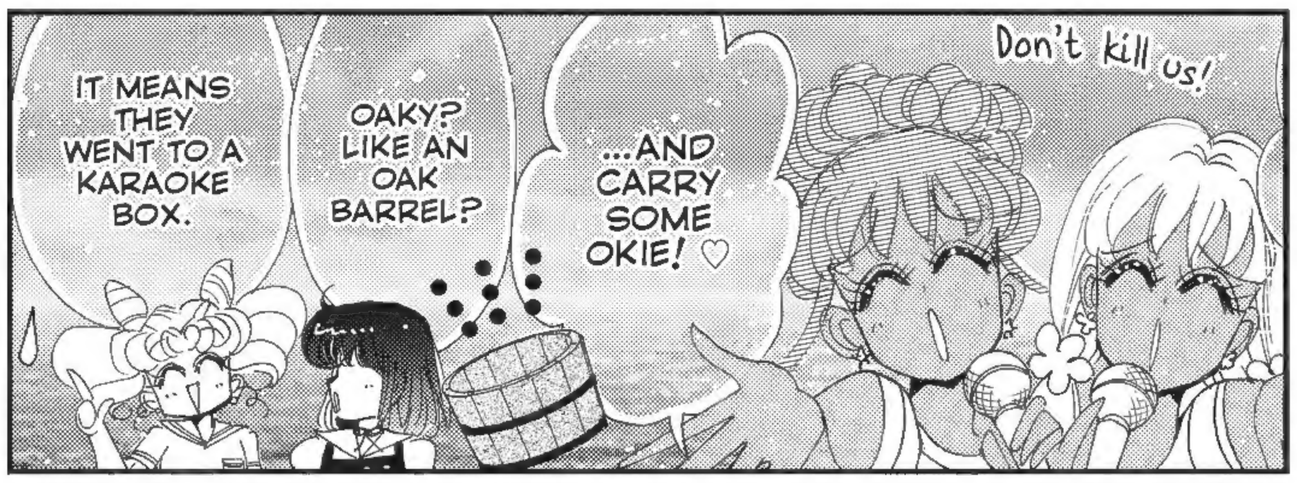


Otakura, page 256
Otakura is a play on the words *otaku*, or "geek," and *kura*, meaning "warehouse." It also sounds something like *otakara*, which means "treasure," as in all the beautiful otaku treasures stored in the warehouse. She uses a dialect that is commonly associated with the red light districts of Old Edo (Tokyo in the 1600s and 1700s). When writing her lines in English, the translators envisioned something like an American gangster moll from the 1920s and -'30s in an attempt to create a similar character image.

Cold Water White Kick, page 261
The original name of this attack is simply "white kick," in English. One way gals make up slang is to just use English instead of Japanese, such as *"cho very bad"* for "super very bad." In this case, they have broken the verb *shirakeru* into parts and translated them literally: *shira* into "white" and *keru* into "kick." The actual meaning of this verb is, roughly, to have one's buzz killed.



Carry some okie, page 270



As usual, Ruruna and Naruru are using gal words in ways that confuse Hotaru. This time, they have transformed the noun "karaoke" into the verb *oke-ru*. An *oke* is a kind of wooden container for water, like the one pictured. The translators attempted to replicate the pun by making use of the common American pronunciation of *karaoke* (carry-okie, as opposed to the Japanese pronunciation, car-ah-okay). The karaoke box Chibi Usa mentions is an establishment consisting of several private rooms, in which one can sing karaoke without having to perform for complete strangers. While renting one of these rooms, one can usually order food and drinks, and even sometimes rent costumes!

On your under-pants! Farewell!!
Eyes!
Two!
CLAP
Wa ha ha ha ha! My name is Tuxedo Mask!!
Get some KF and mash?
Well, we're out of panels.
So what do you wanna do now?
"KF and mash" means KFC.
"Bow to pump" means "a bow and arrows shot my blood-pump."
Mathe-matics.
Math Notes
Bow pump?? Math???
The Ferragamo bow pump.
Mamo-chan... Boo hoo hoo.
TWANG
BE STILL MY HEART!
Total bow to pump!
What a perv!
That is the great Tuxedo Mask-sama?!

All the puns, page 273

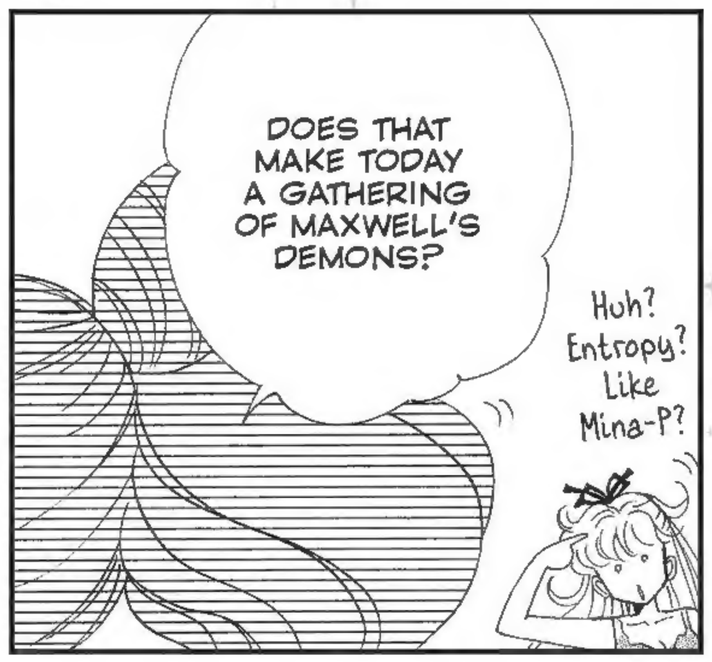
Tuxedo Mask appears here to deliver a message with his hands. The sound of a clap in Japan is *pan*, the English word "two" is pronounced *tsuu*, and a zero can sometimes be called an "o," which in Japanese is *maru*, and he indicates all of these sounds using gestures. Together with his finished sentence, he says, *"Pan-tsu maru-mie da,"* which means, roughly, "Everyone can see your underpants."

"Bow to pump" was originally *yagamo*, which literally means "arrow duck," but is short for *"ya ga mune ni sasaru,"* meaning, "an arrow strikes [my] chest." It also sounds like Ferragamo, which is an Italian shoe brand.

Me and my dirty mind, page 276

As Minako runs up to her friends, she says, *"Omata!"*, which is short for *omatase*, mean roughly "sorry to keep you waiting." But when she says it, she uses a *kanji* that is pronounced the same way, and means "crotch."

The law of entropy and Maxwell's demons, page 278
Entropy is a word describing the tendency of things to automatically move towards equilibrium. It is also considered to be a measure of disorder or chaos. According to the law of entropy, if there are particles in a chamber that are all moving at different speeds, their interactions will inevitably cause them to eventually synchronize with each other so that they are all moving at the same speed. James Clerk Maxwell came up with a thought experiment that could violate the law of entropy, in which a demon (Maxwell's demon) operates a door to the chamber. The demon opens the door and closes it quickly, thus allowing only the fast-moving particles to pass through. By repeating this process, the demon will create two chambers—one of slow-moving particles, and one of fast-moving particles, thus preventing the particles from reaching equilibrium.



Danger: Mark 29, page 280
Little Ami's magazine, *Abunai 29-gou (Danger: Mark 29)*, is the Parallel Sailor Moon version of *Abunai 28-gou (Danger: Mark 28)*. This underground magazine for computer enthusiasts was designated as a harmful publication across the country, because it contained information on hacking, weapons, drugs, and other criminal pastimes.

Tsuzuku Studio and Juniors, page 280
Tsuzuku Studio is the Parallel Sailor Moon version of Tsuzuki Studio, a real studio in Azabu Jûban where one might find performers employed by Johnny & Associates, a major producer of boy bands. Boys who haven't yet officially debuted, but are training to become pop stars, are known as Johnny's Jr., or simply Juniors.

The Washington Convention, page 282
The Washington Convention, also known as the Convention on International Trade in Endangered Species of Wild Fauna and Flora or CITES, is a treaty to protect endangered animals and plants by restricting trade. In other words, since pink cats aren't native to Tokyo, and are likely endangered, it seems likely that it was smuggled there in some shady operation.

Manbikiya Fruit Parlor, page 283
This is the Parallel Sailor Moon version of Sembikiya Fruit Parlor, known for its super high-end (and correspondingly expensive) fruit. *Manbiki* is also Japanese for "shoplifting," which might give the girls an idea of how they are going to afford the fruit from this establishment (not recommended).
